The plots inserted for Figure 1 have been wrongly labeled on the Y-axis leading to incorrect reading of methane concentrations. Also the plots do not correspond exactly to the caption in the manuscript. Below is the correct Figure 1, to be considered in the Discussion.

Fig. 1. Globally averaged atmospheric CH4 (ppb) (a) and its annual growth rate GATM (ppb yr⁻¹) (b) from four measurement programs, National Oceanic and Atmospheric Administration (NOAA), Advanced Global Atmos
